For those that do beautiful handcrafting with quilts and sewing, I highly recommend the Workshop Kit artwork to create those pages. However, for those of you who thought, "No, this is not for me." I hope to prove you wrong! Lol Even I looked at this kit and thought ... "What am I going to do with this?" But it took me a few days to figure it out and now ... I LOVE IT!

I designed 10 pages & Bonus Layout which I think can be used for everyday life, gardening, good friends, baby (mint/peach pages), family and gatherings. I can definitely see black and white photos on some of the pages too. NOTE: I did use the workshop kit because I do like the punch outs. Plus the workshop kit gives you 3 extra sheets of papers which I only used on pages 9 and 10. They are exclusive to the workshop kit and (2) are a denim cardstock and the last design contains diagonal strips of patterned paper in a variety of swatches on one sheet. Oh yeah ... and some beautiful cards from PML leftovers.
