I had so much FUN creating with the newest paper collection: SAWYER! I decided to swing to the purple/mauve side and really capture this color. You can use ANY photos on these and if you print them in black and white, no matter what season ... you can use them on any layout! This can be for sisters/moms/BFF's. ... or it can be used with the guys too. I really think Black/White photos will be great on any layout for a nice change and a very classic look!
