Basics needed are Die-Cutting Machine, blocks for stamping, Paper trimmer, Versamat, scissors, adhesives and foam tape.

What I will teach you to do:

1. Apply (4) inks to the (3) stencils on 1 sheet of cardstock; strategically CUT for (12) cards
2. Dry emboss the folder to colored cardstock and sand (optional)
3. Thin Cut/Stamp poinsettias, leaves, banner, sentiments to complete each design (no coloring in)
4. Be able to "mix and match" cardstock so each card is unique
5. Repeat the process to make another set of cards, 24 in all
